

The Blurb

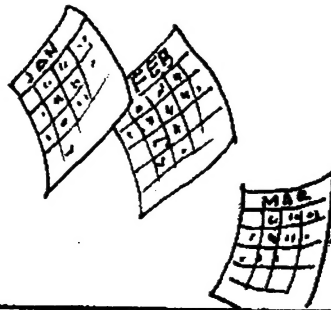

Volume 51 Number 1

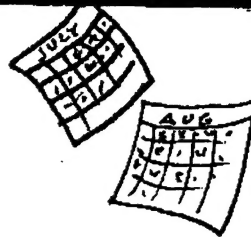

Public Service Since 1949

January 2001

Happy 2001 To All

SAY HAPPY NEW YEAR
TO PHIL-MONT..SON..
THERE'S A LONG YEAR
AHEAD.

Fourth Annual Auction — January 10

The Blurb is published monthly by, and for, the members of **The PHIL-MONT MOBILE RADIO CLUB, INC.** whose purpose is to promote Amateur Radio in general, and Mobile Radio in particular. Copying and quoting is permitted with a credit line. We gladly exchange publications with other amateur radio clubs. Requests should be sent to the Editor. Subscriptions are available to non-members for \$10, addressed to the Treasurer. The club meets at 7:30 PM on the *second* non-holiday Wednesday of every month at **The Franklin Institute Science Museum**, Benjamin Franklin Parkway at 20th Street, Philadelphia. Enter from Winter Street or the parking garage on 21st street. **ALL VISITORS ARE WELCOME!** Amateur Radio License Examinations are held on the *first* non-holiday Thursday of every month at The Franklin Institute Science Museum—registration finishes at 6 p.m. doors close at 6:30 PM-*SHARP!*

Deadline: To be assured of publication in the month that you want, all copy must be in the hands of the Editor by the 20th of the previous month.

Net Schedule

Tuesday CW Practice Net at 20:00— 147.030MHz FM (NOT DURING JUNE, JULY AND AUGUST)

Sunday morning 2 Meter Net at 09:30 — 147.030 Mhz FM

Sunday morning “10-on-10” Net at 10:00 —28.393 Mhz SSB (+ or - for QRM)

Sunday morning 75 meter Net at 10:20 — 3.993 MHzSSB

Minutes

Carol Sebzda, N3PVO, Secretary

December Director's Meeting Minutes

Bill (W3AOK) opened the December Directors' Meeting at 8:19 p.m. The following Officers and members were in attendance: Bill (W3AOK), Carol (N3PVO), Mike (K2BN), Steve (WU3I), Dick (W3RM), Ed (KB3IV), Jim (W3BBB), Gene (N3XKE), Rick (N3DHI), Ted (KB3CYE) and Bill (W3GQD). The following reports were made:

TREASURER - Mike (K2BN) we have enough money in the bank for everything. We had no receipts for the month.

JACKETS - Ed (KB3IV) reported the jackets should be ready for delivery at the January meeting.

JANUARY AUCTION - Dick (W3RM) reported information has been sent out to QST and to all of the local radio clubs advertising the January auction. The auction should also be announced on the Sunday morning Nets.

ELECTION - Jim (W3BBB) reported, as the Judge of Election, everything was set for the elections. Only the names of those running for the Board of Director positions would appear on the ballot.

W3AA - Steve (WU3I) reported a bill had been run up for the use of the copy machine over the past three months. The account number has since been changed and Steve is the only one with the new account number. A notice has been posted for the volunteers to notify Steve, in advance, if copies are needed. Steve reported the Kenwood 950 radio had a distortion problem. He took it out of the console and put it back in and the problem went away. Steve also reported the PSK logbook indicated contacts made at 100 watts. The radio in that position cannot handle that amount of continuous duty. A notice has been posted at the position indicating the proper use of the radio. The Kenwood 570 is still out for repair. The BBS computer is still waiting to be programmed.

MEMBERSHIP - We had one applicant for membership, Nick Sparozic (AA3WA). A motion was made and approved to accept Nick into membership.

PROGRAMS - Ed (KB3IV) is asking for ideas on programs, the membership would like, for the upcoming year.

BUDGET - Mike (K2BN) agreed to put together a budget for the upcoming year ready for approval at the next Board Meeting.

DUES - The 2001 dues statements should have been in the December Blurb. Dues for the upcoming year are due and statements will be sent in the January Blurb.

Having no further business, the meeting was closed at 9:26 p.m. Thanks to Ed (KB3IV) and Sharon (N3GLU) for hosting the Directors' Meeting.

.....

Minutes December General Meeting

Bill (W3AOK) called the 602nd General Meeting of the Phil-Mont Mobile Radio Club to order at 7:59 p.m. The following reports were given:

W3AA - Steve (WU3I) reported the station has a new 6-meter radio thanks to a donation by Rollin (W3PWG).

VE PROGRAM - Steve (WU3I) reported since 1985 we have had 2717 people take tests, with about a 50% passing rate. We had extremely high passing rates in the second half of the year. In November we had a 100% passing rate for the first time with 2 paper upgrades and 2 test upgrades. New testing fees will be in place for the January testing session.

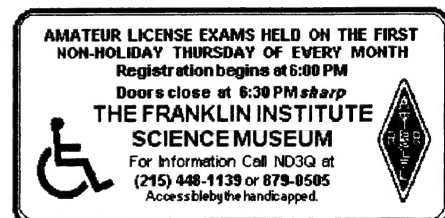

REPEATER - Jim (W3BBB) stated, "If it works don't fix it!"

NET CONTROL - Ed (KB3IV) reported the Code Practice Net would change to Thursday night starting in January.

Having no further business, the General Meeting was closed at 8:09 p.m. and turned over to Jim (W3BBB) the Judge of Elections. The Election result tally, for Board of Director, was as follows: Steve (WU3I) 34 votes, Dick (W3RM) 35 votes, Charlie (W3WF) 15 votes and Gene (N3XKE) 27 votes.

Editor's Note:

Carol, N3PVO has graciously served as Secretary this year when no one else could. This is her last assignment. Starting in 2001 Fred, WA3KIO will be reporting. Carol, thanks for all your help. You have made my job much easier, because of your skills. Thank you.

184th Monthly Phil-Mont VE Test Session Statistics for November, 2000

FOUR (4) candidates took two (2) elements. We had one (1) new amateur with three (3) upgrades.

**The VE team was chaired by Dusty Rhoads (ND3Q).
Members are: Jim McCloskey, NS3K; Jeff Kerber, N3VE.**

Exam Dates for the year 2000:

Dec. 7.

Exams for 2001: JAN. 4.; Feb. 1; March 1.

VE Examination Sites

Confirm all information, in advance, with the contact person. Licensed applicants must bring the original, and one photocopy of their license. All applicants, including children, must show two other types of ID. Bring the original, and a copy of any Certificate of Successful Completion needed to prove current status. The ARRL VEC's 2000 test fee is \$6.65.

THE FRANKLIN INSTITUTE

Monthly, 1st Thursday — Dusty Rhoads, ND3Q. 215-879-0505, day. 215-448-1139 24-hours. Doors open at 6PM and close sharply at 6:30 PM.

BELLMAWR, NEW JERSEY

Diane Nafis, 609-227-6281. Testing is the third Thursday of the month at 6:30 PM. They meet at the Bellmawr Municipal Complex, Browning Rd. and Lewis Ave., one block off Black Horse Pike, Route 168.

Giselle Wells, 302-478-2757

AO-40 still silent

AMSAT OSCAR-40 remains silent, and command stations on the ground still have been unable to reestablish contact with the Amateur Radio satellite. It had been hoped that an onboard computer timeout expected on or about December 16 would restart the beacon telemetry and give the ground crew some clues as to why AO-40 suddenly stopped transmitting on December 13.

AMSAT-Germany's Peter Guelzow, DB2OS, of the AO-40 team, said nothing was heard over the weekend, and command stations tried to re-establish communication by sending blind commands. If the reset had occurred, the satellite would have been restored to its post-launch configuration and attempt to transmit on 70 cm. However, the 70-cm transmitter has been problematic, and the satellite likely still would need to be reconfigured for 2-meter transmission at that point to be heard on Earth.

The AO-40 team is continuing to investigate reports of weak signals on the 2-meter downlink frequency of 145.898 MHz that seem to be coming from AO-40, but it has discounted reports of telemetry heard there as a hoax. Other reports persist of a weak, unmodulated carrier, however.

Guelzow said today that the AO-40 team is encouraged by a report from the North American Air Defense Command—NORAD. The report indicates that AO-40 was found to be in one piece, that the orbit was exactly where it should be, that the radar cross-section was as expected, and that no other pieces were found. Guelzow said the NORAD data counter rumors "which no one on the inner team believed" that AO-40 might have exploded.

AMSAT-NA President Robin Haighton said ground controllers were exploring several options.

When and whether the satellite will be heard from again depends, in part, on whether AO-40 has picked up any of the "blind com-

Fourth Annual Auction

The Fourth Annual Auction of the Phil-Mont Mobile Radio Club, Inc. will be held on January 10. Bring any and everything you want to sell. The auction rules were published in the December Blurb. But here they are again.

1. P.M.R.C. will retain 10% of the sale price up to a max. of \$30.
2. All sellers will pay a \$2 sellers fee to P.M.R.C.
3. Sellers must supply a thorough description of each piece offered for sale on a separate form
4. All sales are between the seller and buyer, not P.M.R.C.
5. P.M.R.C. will be held harmless in all transactions between buyer and seller.

The PREZ SEZ

Happy Holidays to all and may Santa bring you a nice new rig. My thanks to the Phil-Mont members who braved the wintry weather forecast for election night. Jim W3BBB kept the election process under control and no recount was required (perhaps we could get him a consultant job in Florida). Even the overhead projector cooperated at the club election night this year.

I want to thank the outgoing officers for a job well done last year. In this fast paced world it is difficult to find the time to donate to a hobby. Amateur Radio would be long gone if it were not for the volunteer spirit of hams. I want to thank the new group of elected officers for continuing this volunteer spirit and in a small way, preserving Amateur Radio.

Even though it is a year away, please think about running for an office next year. If this hobby has brought you some enjoyment, please think about giving something back. Here in the U.S., the Amateur Radio Service is chartered to serve the public and is, to a large extent, why the public grants us access to spectrum that would otherwise be auctioned to the highest bidder. This public service requirement does not necessarily apply to the Amateur service in other countries where Amateur Radio may be viewed as a hobby only. However, here in the U.S., the public service aspects (and those are interpreted very broadly in terms of emergency and public service communications, fostering technical advancement, education, and goodwill) are used as our justification for access to valuable radio spectrum. Long Live Amateur Radio, get out there and make a difference!

*A Phil-Mont members loss...
is a Phil-Mont Family loss*

The International Voice of The Franklin Institute Science Museum

An eventful month and the first year of a new century (depending how you look at it) is now behind us and we must look forward. First, we remind everyone of the departure of Bobbie Dillon from the Museum Staff. Bobbie has moved to Annapolis, Maryland and we wish her well.

We are not aware of what the new year will bring to W3AA, but we have hopes of a new Packet BBS some day soon and the timely return of the Ten-Tec from Tennessee. Most of all we want the Kenwood 570 from California.

We are not sure what the new year will bring concerning the moving of our station in the Museum. 2002 will be a grand year for W3AA with the 50th Anniversary of our station in the Franklin Institute. I want to plan a month long special event marking the opening of the station in 1952.

I ask all operators to please read the notices on the console and posted in the back room indicating some changes in the operations and copier use.
Steve WU3I

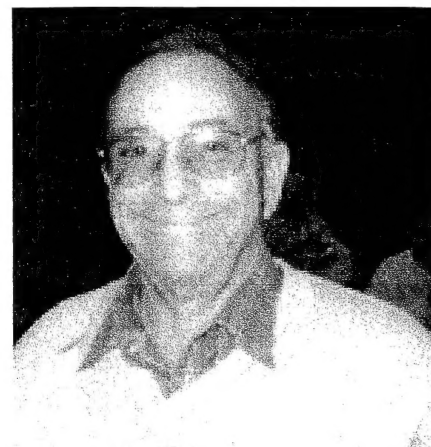

2000 Election Results

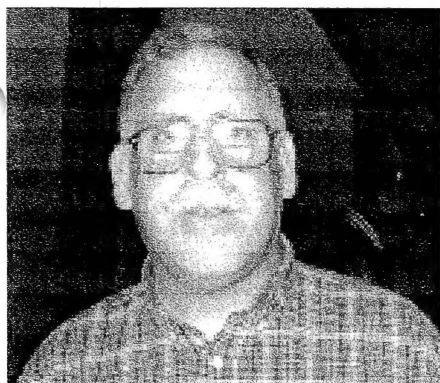

The elections were held at the December, 2000 meeting.
There were no recounts! Below are listed the winners.

Vice-President — Ed Masarsky,
KB3IV

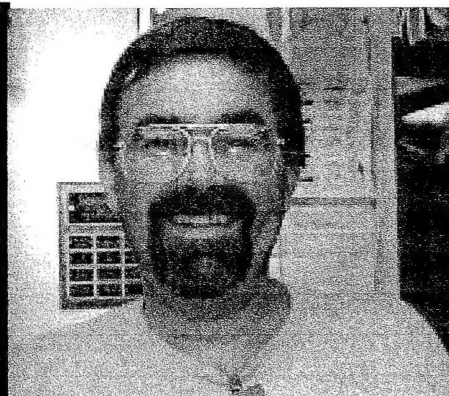

Treasurer — Mike Tannenbaum,
K2BN

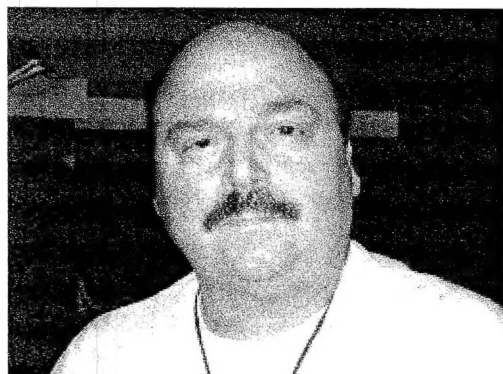

Secretary — Fred Rice, WA3KIO

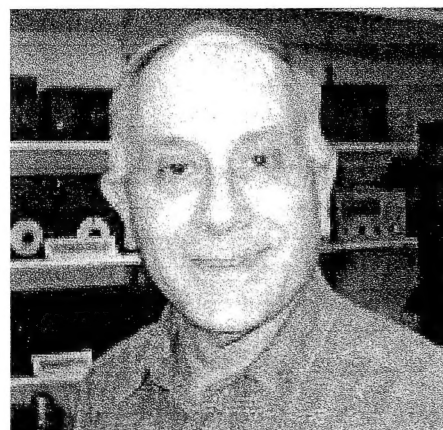

President — Bill Popovic, W3AOK

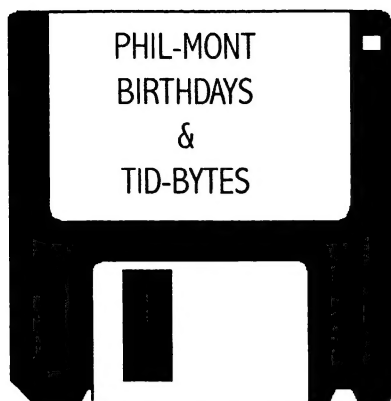

Director — Steve Hoch, WU3I

Director — Gene Di Nardi, N3XKE

Director — Richard Moll, W3RM

mands" sent by ground controllers. Guelzow says that if no commands were accepted by the IHU-1 onboard computer since contact was lost December 13, then a "command-assist" watchdog routine on December 21 will cycle the satellite through various receive, transmit, high-gain and low-gain antenna modes. If AO-40 did pick up some commands, Guelzow said, the command-assist watchdog will be reset for another 10 orbits. That could extend the wait until sometime after Christmas.

Guelzow says the "watchdogs" are software resets. Ground controllers want to avoid doing a hard re-boot of the main computer, which is considered a last resort. "There is no need to hurry, and the command team doesn't want to miss any option," he said. (ARRL)
